**Manage** online and retail sales using your current point of sale system.

**Provide** up-to-date product information and convenient online shopping.

Call ADI today to learn more 800-603-5244

RMS Integration Features | Kosmos Central

## How it works

**Connect** your point of sale database to multiple or single online storefronts.

The integration automatically uploads inventory and product information to the Web and downloads online orders to your POS system.

Call ADI today to learn more 800-603-5244

## Integration software model (5 of 5)

**Online Shopping Carts** are used by store owners to provide online transactions. With over 200,000 merchants X-Cart and Magento are established open-source shopping cart platforms.
